Customer Reviews

Short. But not much about hotels, restaurants. But it is very inexpensive book to read in very short time before you go.

Elinor has taken the guesswork out of going to Dubai and the rest of the United Arab Emirates. Practical information that will answer just about any question you might have. This book is an

excellent resource, not only for travelers to the UAE, but anyone relocating there as well. Highly recommended for newcomers to Dubai, and the Middle East in general. Written in easy to understand language, you can definitely see that Elinor has done her homework! Another winner in her series of Practical Tips.

For anyone who plans to travel to Dubai and the UAE, even if just for a stopover, READ this book. But read it also to expand your horizons. The photos are great; the colorful map is educational. I also liked the useful list of cultural do's and do not's for visitors and all of us who are interested in other cultures. Elinor LeBaron really knows the UAE. The fact that she lived there is clearly evident throughout.

a must read for all Dubai travelers. have been there 8 times and already learned so many juicy tips!! a 10 star font of information! will read it again before next trip! cant wait to see what I missed on previous 8 trips! easy to read and organized logically. perfect gift for all travelers!

Ramadan dates through 2020, taxi fares from the airport, and other handy tidbits make this an excellent, quick primer for Dubai travelers.
