## Customer Reviews

Anne Ophelia Dowden is considered one of the world's foremost botanical illustrators. She lives in Boulder, Colorado.

Oviously used library books are not the ones to buy!

I am using it for elementary and has really good illustrations besides basic information for them!!

A very nice little book that has good botanical information and great pictures. Easy to read and for an artist the pictures of the plants really help

Just what I need.

Ms. Dowden makes her plants so alive and graceful and the text is beautifully supported. The book gives much detail about the plants she depicts, making it a joyful way to learn botany.
