# The Garden Diary, Journal & Log Book: Plan Garden Beds And Track Changes In Your Landscape For A Year To Year Record. 100 Diary Pages, 10 Graph Pages ... (The Garden Journal Log Books) (Volume 2)

## Synopsis

This Garden Diary, Journal & Log Book is a book of 100 lined diary pages plus 10 garden plot graph pages with 10 lined garden bed pages opposite for notations. (Lined pages are illustrated with whimsical leaves.) Plan your garden beds and track changes as they occur for a time-sensitive record from year to year.Â BONUS: Pest and disease prevention, plant propagation, zone map, weights and measures and conversion tables are included. Â The following is from The Garden Journal, Planner & Log Book and holds true even for this simpler, less complex Garden Diary & Log Book: "Even more valuable than your favorite garden trowel or spade is a written record of what works in your garden. WHILE GARDENING BOOKS AND THE INTERNET ARE FULL OF GREAT ADVICE, THEY CAN&apos;t REPLACE PERSONAL EXPERIENCE.Â Your garden is in your micro-climate, with your soil. Perennials in one part of the country aren&apos;t perennials in another. There are simply too many plants and too many variables for anyone to remember from year to year what worked where and what didn&apos;t and why. You need to remember WHAT WORKS FOR YOU--IN YOUR GARDEN.Â What really makes the difference between a great and a mediocre garden is how well the gardener keeps track of all the information needed to enhance success and avoid repeated failures.Â Â "YOUR GARDEN WILL LOOK LIKE ART, but you will know that THE GARDEN DIARY, JOURNAL, & LOG BOOK is the science behind your success."

WHY DOES THE BOOK APPEAR SIDEWAYS? The book binding is hinged on the 11" top edge, to open like a calendar. Due to the fact that the printing company does not have "protocols" in place to handle an 11" landscape spine layout, the result is an incorrectly rotated image shown on this product page. I hope you enjoy the forms and use them with abandon! The lined pages are not made with precise computer-generated lines, but the whole idea is that your writing, notes and drawings will become an extension of the underlying artwork, resulting in something useful and beautiful that can be proudly displayed and passed down to the next generation or homeowner. So, scribble away, we're not worried about perfect, just perfectly fun. Joy comes from a long line of farmers, but it wasn't until she worked for J. Franklin Styer Nurseries, a major contributor to the Philadelphia Flower Show, that she learned that not everything should be planted in rows. The Garden Journal, Planner & Log Book is the result of knowledge gained from her family, the great co-workers and library at Styer Nurseries, and her experience running the Lifewerks Giving Garden ~ a food pantry garden, as well as the maintenance of gardens at four properties.
