# Working As A Tattoo Artist In Your Community (Careers In Your Community)

## **Synopsis**

Tattoo artists spend years learning their trade before taking on their first customer. They not only study art and techniques, but they also learn about disease prevention and maintaining sanitary and hygienic conditions. It is only after they pass certification tests and receive a state license that they can begin work. They serve as valuable members of their communities, helping to anchor business districts and bringing customers not only to their own studios but to other shops as well. This handy guide describes the steps necessary to be a tattoo artist, open a studio, and build a clientele.
