Fresh From The Butcher: 31 Simple, Delicious Meat Dishes Of The Hungarian Cuisine

Synopsis

Are you a meat eater? Need some guilty pleasures in your diet from time to time? Do you like the intense flavors that only well-spiced, fresh meat can provide? This book is for you. R.P.

Kis's purpose in writing "Fresh From The Butcher" was to inspire people to eat something out of the ordinary and trendy. With the market dominated by paleo diet and vegan meals, good meat dishes can be hard to find. His mission as a chef and butcher is to provide people with delicious, meaty delicacies for special occasions, perfect for weekend meals, and family gatherings. These are the meals that elevate a family kitchen to the next level. The history of the dishes in the book date back to the nomadic lifestyle of the Hungarian Empire. Each dish has a special historical background story giving the cook an intriguing pocket tale to start the gathering with. What makes this book truly special is each meal in the book (soup, appetizer or main dish) has meat in it. R.P. Kis's suggestion is to get the meat fresh from the butcher to make it even more appetizing. What will you get? - Special, historical dishes from a small country of 10 million inhabitants. All the dishes serve as a great culinary curiosity making you an exotic cook right at home. - Six special soups including the world-famous Goulash Soup recipe - Three meaty delicatessen appetizers - Twenty-three main dishes from several regions of Hungary including the simple but wonderful Chicken Paprikash - Stories to tell at the table with the recipes - Wine pairings for the meals - Extra tips to make the dishes even more irresistible This book is a must-have to everyone who considers himself or herself a gourmet cook and wants to add excitement in their kitchen game. Add a little finesse into your regular cooking style and surprise your friends and family with dishes the wild Huns ate thousands of years ago. Allow yourself to enjoy life fully. Customer Reviews

I'm very picky when it comes to food. I would say my taste lives in the extremes - whether I like a food or I hate it. I ended up loving the dishes I tried out here. I love paprika spice, it has a kind of exotic taste in my opinion. I also liked cooking the dishes. The instructions are clear, a little bit like "cooking for dummies". It is a very clear step-by-step instruction for each meal, which makes cooking a pleasure.

Yummy food! The recipes are clear and detailed, it's not a headache to figure out what to do. Preparing some of the dishes take time - as any good things do. I'm thinking big, so I did the "vadászgulyás" recipe first what is said to be the best and trickiest. Well, I have no idea how it is supposed to taste but the way tasted in my humble preparation was a-mazing. It has a sweet- salty-and sourish taste at the same time, really a mixture of flavours. I also tried the goulash soup - a friend of mine had it when he travelled to Budapest and kept talking about it. So I was like ok, why not? I invited him over for dinner. We had a good chat and ate this soup. He said it was pretty authentic. So this book scores 2 of 2 to me so far.

I have Hungarian roots, so it was a must buy. I already tried two recipes and revived my childhood memories spent at my grandparents' house. They are certainly not fitted to be eaten every day - Hungarian meals are heavy and greasy. But for special occasions or let's say once per week it is very enjoyable to have some good feasting cabbage or goulash soup. These are rather quality dishes that one should savour seldom to keep their exquisite flare.

Delicious meals, truly exquisite flavours. My personal favourite was the bachelor trapping soup. I can see how can I trap a bachelor with it haha. I really liked the little stories linked to each meal. Some made me laugh
