Book by Markowski, Carol, Hoder, Tom

This is a great guide. The pictures helped a lot in identification. The only reason it didn't get a 5 out of 5 stars from me is due to a lack of a full description on some of the glasses and I've also encountered a few glasses that this guide still did not contain, even with the large number that are listed. Other than that, this guide was extremely helpful and I would recommend it to anyone collecting Character/Promotional glasses.

It's a great book for looking up value of the glassware that you are collecting

I am able to catalog my collection and look for new ones!

Detailed book for the glass collector. A lot of abbreviations but once you learn them it's very navigable.

It helps to get information on collectible glasses from people who have researched to have at least

have some information regarding prices and availability.

Very informative.

This book was helpful for my purposes, however, I wish there had been a newer edition.

I bought two other books at the same time as this one.. Chase and Kelly's "Collectible Drinking Glasses" and John Hervey's "Collector's Guide to Cartoon and Promotional Drinking Glasses". All three are good, but this one is the one I keep coming back to, while on the hunt at flea markets etc. I am new to collectible glasses so I can't speak to issues of accuracy or pricing. Hope this helps!
