G Is For Go-Go: A Sixties Alphabet (Babylit)

Synopsis

A perfect way to introduce your brilliant babies to the ABCs while teaching them about the 1960s, a decade that saw America experience a fascinating explosion of radical new music, art, and cultural change. This book includes a fun collection of twenty-six illustrations featuring educational concepts for your toddler from the explosive 1960s, the decade the Baby Boomers came of age. Rock and roll, the space race, pop art, divisive wars both hot and cold, psychedelia, and important gains in civil rights framed this exciting era of cultural and social change. Greg Paprocki works full-time as an illustrator and book designer. He has illustrated several Curious George books, as well as The Big Book of Superheroes and six previous BabyLit alphabet books for Gibbs Smith. He began his career as an advertising art director after studying fine art and graphic design at the University of Nebraska.

Greg Paprocki works full-time as an illustrator and book designer. He has illustrated several Curious George books, as well as The Big Book of Superheroes for Gibbs Smith. He began his career as an advertising art director after studying fine art and graphic design at the University of Nebraska. He currently lives in Lincoln, Nebraska.

This book is super cute! The illustrations are amazing and funny (though I'll say that, at the moment,

the adults are enjoying it more than the kids, but once they can sit down long enough to make it through a whole book, that'll probably change). There are so many things to look at and name in the drawings and the retro style is great. I gave one of these to the grandparents to read to my kid and they got a kick out of it (the book being full of items from their era).

Very cool book! The illustrations are amazing- some of the letters are bit of a stretch- like eXecutive for X, but not too many x words out there with a 60s theme. Love it and my almost 2yo does too.

Great ABC starter book with amazing sixties pictures! Fun for both preschooler and parent! Have more of this author's work and will purchase more of his books as they come out. LOVE these super cool board books!

I like the illustrations. Some of the word choices were a little odd, at least for 3 year olds.

Really, REALLY adorable book. Bright colors and fun pictures that children will love. I like that all genders and skin-colors are represented here appropriately.

Absolutely love the book, content was perfect but the book showed up warped with the binding bending. Looks as though it had been exposed to some moisture, despite me literally taking the package out of the mailmans hand when it was delivered. Otherwise, awesome book!
