Everything is Excellent

Great art and great story! Not essential reading, but hammered through in less than a day! I'd recommend to any Star Wars fan

This series is expanding so much on what made the Original Trilogy so good. Vader is a beast in the Star Wars universe and everyone knows it.

Great series

Awesome comic. Panels are beautiful and the story is badass. The first issue (out of 1-6) sucks you right into the story and brings in some old favorites like the likes of Boba Fett. Darth Vader is a fantastic character that gets a bit more fleshed out than he was in the movies. I recommend this book to everyone who likes star wars. If you are a Vader fan, it's a no brainer.

easy read

amazing

This is a fantastic start to the untold story of Darth Vader in the time frame between Episode III and Episode IV. It is fantastic to get to see some of the truly amazing things that he can do. It is the first book in a 3 book set that includes the entire original series.
