Ken Elliott is an author and artist living in Castle Rock, Colorado. He has experienced and collected astonishing stories for over 25 years. In a unique and convincing way, Ken learned how thought works, building objects and concepts in the unseen field around each of us. Ken is an accomplished speaker, passing this empowering information on to individuals and groups.

I've been interested in this kind of thing for most of my life, and I'm convinced that our thoughts shape our experience. Up until a few days ago, I'd never heard of Ken Elliott. I saw an interview with him, and he impressed me as an interesting, humorous, genuine, humble guy. Shortly afterwards, I downloaded the Kindle version of this book. It is an excellent book, and I heartily recommend it. His system is simple. There are no prerequisites to using what he offers. You don't have to have a perfect character and history. It is not necessary to have access to arcane knowledge; there are no ancient rituals to perform and you don't have to endure a special diet. There is no padding in this book, and no B.S. Just useful ideas and inspiring real-life stories. I've read books on this theme by some big-name authors, and they were worth reading. But right now I'm thinking this is probably one of the best books available on creating your reality. Thank you Ken. Best wishes from Stephen Coote, Nelson, New Zealand. PS: This is the second review for this book I've written. The first one disappeared into cyberspace. Maybe it will re-appear.

This was a really good read and there were things in it that I didn't know - like having things gradually manifest and become solid the more you put energy and emotion into them. That was fascinating to me. I loved that the author shared really fascinating personal experiences.

This book is laid out in an easy to understand style with simple steps to follow in order to create the life you want! Anyone can do this if you can think and feel! Thoughts are powerful energy and this book explains just how to harness those thoughts to manifest your perfect future. A must read for anyone who wants to change their life!! I know it has changed mine.....

Ken has done an excellent job in explaining manifestation. Other publications I've read were weighed down with unnecessary filler and marketing material. Ken's book cuts through all of that, and gets to the point. I'm trying this now, and will update as things begin to happen!

I was not sure about this but As a Christian, this book allows me, to use prayer to be more positive

and grateful. It has changed my life already

It was a quick read. Looking forward to creating.

So great!! I got the audio and fell in love with it!!!

Great Book would recommend
