I couldn't be happier with this book. It was in great shape and the price was amazing. Thank

youÃ Â ÂÂ

I really enjoy this for English. We bought this for our home school and my children also really seem to enjoy it. I like how it makes them think and I am amazed sometimes with what they come up with.

We use this for school. It's a great program that my son enjoys. He's learning a lot from it. With the skills he's learned, plus what's taught in class, he's writing one-page essays that sound great.

I like this program- my kids don't. Not worth the arguments, we moved on to something else. I do know many people using this curriculum and they love it, just wasn't for my boys.

Best writing program we have used so far. Lessons are quick and easy. Takes no time to prepare and my children like doing this. Highly recommended!

i loved level 1 and level 2 picks up right where level 1 left off can't wait to start

Easy to use. Clear and helpful. Like the stories chosen. Good literature.

Love this
