Slim Aarons (1916–2006) was among his generation's most influential photographers. His photographs have appeared in countless magazines, including *Town & Country*, *LIFE*, and *Holiday*. Laura Hawk is a freelance writer who worked with Slim Aarons on the road and on magazine and book projects for more than two decades.

ART LOVER

Some years ago, I bought *Once Upon a Time*, a collection of the society photography of Slim Aarons. I loved that work and had to admire Aarons' working philosophy. After World War II service, he decided "I'm going to have fun photographing attractive people doing attractive things in attractive places". Well, compared to some philosophies people have followed over the last few decades, that one isn't too bad. A few days ago I was reading the Daily Mail and it had a feature on this, a new collection. I had it and an uncle and aunt had recently sent me a gift card, so everything came together quite well. This is another fine book of Aarons' photos. Laura Hawk, who worked as an assistant to Aarons, provides the commentary and gives us a good idea of what it was like to work for the man (he could be charming and brilliant but also demanding and difficult). The cover has one of my favorite Aarons photos; it was also in *Once Upon a Time*. This volume has additional outtakes and these show just how bad 1970's fashion could be. There are great pictures of royalty, celebrities and the wealthy as well as stories about who these people are and how some of the shots came together. If you like the work of Slim Aarons, you will not be disappointed.
