Good map, easy to read and fold...sturdy

Love this map! water proof and does not rip or tear no matter how much you use it. Has great info and will come in handy when we are in South Africa!

We were able to drive to the tip of the cape using the map. Being a Ludite, GPS is something that I do not use, so if you are still into maps this is a good one to have.

Spent one week in Cape Town and environs, driving and walking. This map was very useful.

Although this map could be useful, it fails to give names to most of the more minor streets in the city, so I was disappointed by this lack of detail.

This was fantastic for us when we were driving around South Africa.

Going in the fall but the map has helped with strategic hotel location.

used this map to travel around the Cape Town area for a week of vacation. We found it to be helpful and very user friendly
