Customer Reviews

I loved the way Jim and Anna related their personal life stories to life lessons and conclusions. This is a quick three hour read that communicates thoughts and purpose as I have never before imagined. I will take the time to read again soon. There is a lot to absorb. I highly recommend! Thank you Jim and Anna Counter.

Excellent insight into the life comparisons of two siblings and meanings and beliefs of their lives.

I found this book to be a very interesting read. It left me feeling like I can change myself for the better and in turn, improve the life experiences of those with whom I interact each day . Jim and Anna may have two different perspectives on the same topic, but their message is enlightening and inspiring. I hope to hear more from them!

It's a breath of fresh air to hear a story written by two people who are willing to share their experiences openly with such steady moral values. I'm not ready to believe in reincarnation, but they didn't write as though they were trying to run it down my throat either. Fun interesting read!

Fascinating and thought provoking. The views from two siblings are very interesting. A perfect read for a book club that enjoys discussions regarding purpose and life journeys.

Resonant truths lie within... Enjoy and learn. I did.

An excellent read. Glad they published it.

Wonderfully written and great read
