The American Heritage Picture Dictionary

Synopsis

Ages 4-6, Grades P-K Created in collaboration with educational consultants, this delightful book introduces beginning readers to the idea of alphabetical order and prepares them for higher-level dictionaries. Its vivid illustrations and simple example sentences help explain the meanings of over 900 of the words children encounter most often in their reading and in daily life.

Grade Level: Preschool - Kindergarten

Customer Reviews

THE EDITORS OF THE AMERICAN HERITAGE DICTIONARIES are a team of professional lexicographers with advanced degrees in various scholarly fields. The editors familiarize themselves with the vocabulary in specific subject areas, collect materials on new developments and usage, and work with expert consultants to ensure that their publications are accurate and up-to-date.

It is a beautiful dictionary, and I am so happy I got it for my kids, ages 2 and 4. The boys loves it. The pictures and illustrations are clean, clear and beautiful. The font is a decent size, so we can all read it comfortably. The definitions and usage are age appropriate. I haven't seen anything inappropriate or out of line. This is a great tool for me as I work with my children on building their vocabulary and language skills.

The dictionary has only a few words per page, accompanied by simple illustrations. As such, it could be used by young children or adult learners of English.

This was my son's favorite book. We took it everywhere we went. I started going through it with him, page by page, when he was about a year old. By the time he was 18 months old, he had it memorized and of course had his favorite pictures. I made up silly stories about some of the pictures, which he found hilarious. It's a great teaching tool. My son is now 18, but I have so many wonderful memories of the times we spent together reading it! I'm buying it for my friend who is adopting a toddler from China. The child speaks no English so I'm sure it will be enormously helpful to her.

This book is great for my 3 year old who is learning to read.

This dictionary is used for Kindergarten in our school district. They issued 20 dictionaries and then increased our class size! So I ordered some through ! What a fantastic deal that was! I ordered wherever I could get them, and the biggest cost was the shipping! (Granted, they aren't offered through Prime much). A good deal all around to get several new dictionaries at a minimal cost. They are well illustrated and are sturdy construction. Awesome!

I purchased this dictionary for my daughter for her birthday. She enjoys looking at the pictures and copying the words down to practice her writing. highly recommend this dictionary. In fact, the preschool where I work had a copy of this and after I looked through it, I went home and ordered a copy!

Enjoying.

I use picture dictionaries with a game series called scribblenauts to make learning language fun for small children. It acts as a gateway that encourages kids to learn while having fun.
