Legal Writing

Synopsis

This, and the chart that follows may well be the two most important charts we offer in this area. Because it doesn't matter how much law you know, or how much background you have, if you can't find what you need for each individual case, when you need it, the rest is meaningless. And, if you can't express it correctly, all the knowledge in the world won't help. These charts will! --This text refers to an out of print or unavailable edition of this title.

Grandson new student of Law School, Said they were a great tool for beginner studying Law.

BETTER THAN ANY LAWYER I HAVE MET

very good stuff

Nice, concise, understandable terminology and definitions for the newly minted attorney or paralegal who wants a "quick reference" sheet at hand.

I like the Legal Barcharts series. They pack a LOT of information into a very manageable format, and then make it easy to keep handy. The lamination is very high quality as well.

Brief but very informative.

Exactly what I expected, would recommend to others.

Very quick concise guide for writing legal documents.
