Customer Reviews

• Will Shortz's Favorite Crossword Puzzles is a must-have for any serious puzzler, and jolly good fun for anyone else. • CNN.com

Will Shortz has been the crossword puzzle editor of The New York Times since 1993. He is also the puzzlemaster on NPR's Weekend Edition Sunday and is founder and director of the annual American Crossword Puzzle Tournament. He has edited countless books of crossword puzzles, Sudoku, KenKen, and all manner of brain-busters.

This is a nice collection of crosswords (and a generous quantity considering the cost). I do wish Will Shortz would add the DATE each puzzle was originally printed in the times...it would help the solver narrow down the possibilities to what existing at that time period. Also, I wish the book were spiral

bound...it is annoying to try to solve these with a thick spine bending the edges of the pages.

It's probably my own fault for not looking more carefully but I am not thrilled with this book. It's quite small, heavy and very thick, with small print that makes it hard to focus on the print after 30 minutes or so. Puzzles are divided into three categories, easy to difficult, but missing are Shortz's little blurbs or comments that made previous books so fun. There's plenty of room on the pages for those comments and I sadly miss them! Three stars.

It would have been nicer to have them organized chronologically instead of by difficulty level - or at least to have the dates published noted - but other than that, a nice collection with a lot of crosswords.

Enjoying this book, working one per day, it will be a while before I finish it. It is a good size for sitting on your lap or tabletop, the weight of the pages keep the book open. This is a thick book with a sturdy spine, one that you cannot fold backward on itself but that is not a problem for me. I love every Will Shortz crossword puzzle. They are well edited, well worded.

This collection is a must-have for crossword lovers, as it (1) consists of 400 selected puzzles from NYT, and (2) celebrates the 20-year wonderful editing of Shortz, and (3) titles "Will's best". Just receive the book and solve some of them and it is satisfying as it could be. So the five stars is a prediction (it is impossible to review after solving all 400 puzzles) and I believe that. What surprises me is the size of the book. It is not in spiral-bound or large-print but in paperback! Somehow I hate it because there is no room for taking notes (I can always learn something new in NYT crosswords), however a paperback of 400+ pages looks like a serious (non)fiction and I enjoy the disguise. One can choose a page randomly and plunge in and enjoy it immediately. I must say that rare paperback (non)fictions has such an amazing property, lol. Another 20 years is ahead, Thanks for the wonderful puzzles!

The puzzles are challenging with some easy clues thrown in as well so you don't get frustrated.

As advertised

These are tough for a puzzler who likes Mon-Wed puzzles.
