Customer Reviews

"If you are looking for some good, fun, learning books for your child, I definitely recommend the Sylvan Learning series." -thedadjam.com "Samantha loves these books because to her, they are not school work. They are fun activities. But really she is learning, and doing the same work she does at school." -Mommymandy.com "Since I was beginning homeschooling and looking for a good 'workbook' type system for my child to learn from aside from our other homeschool activities, I decided to try it out. My son loves the workbooks." -thedomesticdiva.com "The activities are FUN and our son doesn't realize that while he's having fun he's also learning and reinforcing what he's learned." -Shescribes.com "My daughter has picked up some great study habits and she loves that we don't spend hours on one subject. I recommend these workbooks to everyone homeschooler or not, as they can really add to your child's learning experience." -Thedirtyshirt.com "I love how each activity in a section connects to each other, which allows the child to really grasp the concepts. The pages are full of interesting stories and fun activities. The workbooks also make it easy for kids to check their own work which will help them gain confidence in their skills." -Melissaclee.com "As an early childhood teacher, I know that good reading, vocabulary, and spelling skills make an essential foundation for both academic success as well as lifelong learning. Sylvan Learning Workbooks & Learning Kits are an awesome resource that I'd have no problem recommending to the parents of any of my students who are struggling. The teacher-reviewed, curriculum-based activities and exercises in these books are great for helping a child achieve success with reading, provided that they're worked through with a loving and patient adult." - TheOpinionatedParent.com

Just received it, I think it's going to help my 3rd grader greatly!

Daughter loves it. Plus keeping her mind right during the summer.

Good book great condition

Some of the reading passages can not be read. I am very disappointed.

This Helps me a lot for my kids....

I am very happy with the Reading Comperhension book I got. I am hoping it helps my summer to get caught up or a jump start on Reading for the 3rd grade!

The 3rd Grade Reading Comprehension Success workbook has been fun for my child to use, as well as improved her reading comprehension. My daughter struggled with comprehending what she read. I tried different workbooks but she would not use them. After getting this workbook I used it immediately. To my surprise my daughter enjoyed it; she was attracted to the cartoon like pictures, so she did not associate this workbook with schoolwork. On her current reading test she got 100% in comprehension before she got 59%. This workbook is fun plus effective. When I purchased this book I hope it would be of help and it has proved to be.

Great book for home schooling. The book guides children to read with confidence and complained what they read.
