Eye Of The Tiger: A Paranormal Space Opera Adventure (Star Justice Book 1)

Synopsis

What do you get when you mix Firefly, Mass Effect, and Shadowrun together? You get Star Justice. The latest action packed series from New York Times and USA Today bestseller Michael-Scott Earle.*** Imprisoned and subjected to brutal genetic experiments, space marine Adam has been changed into a perfect predator. A super soldier that is part man, part tiger, and all killing machine. When his latest mission has an unexpected outcome, Adam finds himself free of his explosive control collar and honor bound to protect a mysterious woman. Now he is on an alien planet, and they are both being hunted by the most powerful mega corporation in the solar system. Their only escape lays at the helm of an experimental starship hidden beyond countless layers of military security. All Adam has is his military training, sense of honor, and a beautiful woman who needs to drink blood to live. It is time to let the tiger out.

A New Twist on an Old Favorite Over 3,000 years ago, mankind set out to explore and colonize

the galaxy. They took ark ships equipped with terraforming equipment, and they brought the hopes and dreams of an entire species. Distance and time changed the civilizations. Some became advanced, and they developed weapons capable of destroying solar systems. Some lost their way, and their society reverted back to our primitive history. Much like the times of the American frontier, each planet is a civilization unto itself. News, communications, trade, and war is carried in the hulls of starships as it was once carried on horseback across the Great Plains.

A Dynamic and Loveable Cast of Characters An enslaved weretiger marine honorbound to help others. A vampire witch-psychic seeking revenge and freedom. A snarky hacker searching for acceptance and an identity. A pair of genius engineers with nothing left to lose. A experimental and mysterious starship with her own agenda. Star Justice is less military space opera and more of a 'band of misfits in space'. Think Serenity, Farscape, Guardians of the Galaxy, Mass Effect, Cowboy Bebop, and Outlaw Star. If you liked those stories, you'll love Star Justice.

Non-Stop Action, Adventure, Drama and Thrills Edge of your seat space dog fights. Visceral gun battles. Death defying chases through the hulls of melting starships and abandoned space stations. If you like your space opera filled with action, Star Justice is the series you've been waiting for.

The galaxy is dangerous. Who will fight for those in need? Evil mega-corporations, tyrannical governments, pirates, slavers, and superpowered aliens fight for dominance of the Milky Way. Star Justice is about a small band of friends and lovers fighting against impossible odds. In the real world, the good guys don't always win, but you'll find a great escape and entertaining read with Star Justice. They are the heroes the galaxy needs.

Different spin on a plot. Characters have potential Looking forward to the second book to see how the characters and plot develops.

I really liked this book can't wait to see where the next book takes the story I will definitely read the next book

I liked this whole series, and only wish it was finished. Nice plot, fun read if you suspend your criticism some.

You left me wanting more. Reminded me of some of my favorite SyFy shows like Firefly. Once I started I couldn't put it down. Can't wait to read more.

Gets a bit bogged down in details and the dialog is consistently awkward. It's an interesting premise, but it could definitely use some work on pacing and polish.

There are plenty of questions about characters and filling in the empty spaces in the plot lines. Let's go. mrg

Very good story great characters and fast paced plot I enjoyed it very much

absolutely super. All the adventure of good space opera but with a really original view and well written
