Forty Hadith Nawawi

Synopsis

This is a collection on forty sacred Traditions based on an-Nawawi's work. There are many thousands of sacred Traditions or ahadith in which God spoke in the first person to the blessed Prophet but the words were not included in the Quran itself according to the Prophet's instructions

Great Ahadith

The hadith was lost in the mail Mashallah, but I was sent another one right away. It is in very good condition. I have one like this already but the pages keeps falling out and I noticed other people have the same problem. I ordered a new one because of that, but this one seems stronger than the ones im used to... like it'll last longer without pages falling out. I am happy with it.

On time. Good quality. Poor reading.

This book is a concise introduction to the Islamic tradition of "Hadith", or sayings of the Prophet Muhammad regarding Islam. The book is suitable for the reader unfamiliar with Islam as well as the more informed reader. My only criticism is that without explanatory footnotes, some of the more allegorical sayings may not convey much to the lay reader. Still, if you would like an insight to some of the basic teachings of Islam and if you are willing to reflect for a moment on the sayings included, I'm sure you will enjoy this book

I don't have much problem with the actual content of the collection - it has what I expected. My problem with the book is it's an exceptionally poor quality print - the book is new and yet the text looks faded and in some cases practically disappeared! Very disappointing. If you can find this cheap and with good print, sure, but I wouldn't purchase online unless you just don't care.
