Customer Reviews

superficial and a drunk's version of the world. Whatta ego, good for some psych student master's thesis. Check how many pages and then price.

There is no one better at giving a description of a place from a perspective of meeting women. I doubt that too many who read this will travel to Lithuania, but I have no doubt that if they do they will be successful at meeting the local girls so long as they do what Roosh says.

What a loser. Not sure when he wrote this, but now he's a single, lonely guy around 40, probably wondering why he's still single !?! lolHe's a chauvinistic egotistical man raised in a middle eastern home where women live to serve men. I checked his youtube channel... he talks about "How DARE a woman challenge a man"... or "How dare a woman ask you to change the music you're playing in your care".Best thing you can do is NOT buy his books.

An awesome work of literature and a great practical guide, invaluable for anyone visiting Lithuania.

A sophomoric blog that is put to paper. This could have been written about the women of ANY country without ever even traveling anywhere. It's episodic at best and insulting at worst. The author should have thought perhaps that the women didn't like him because he was a sad and pathetic bore. Lithuanian women are smart.

The last Baltic country Roosh visited, Lithuania has the most attractive women in the Baltics, but they're also the hardest to lay. Again, unlike Latvia, there aren't any scammers. Like Bang Estonia and Don't Bang Latvia, the book is somewhat thin, but it's still an informative read if you're

interested in traveling to eastern Europe.

The book is far too short only 46 pages and I am not sure if the author writes in detail from his own experience? Also there is almost nothing about Vilnius or Klaipeda, he was only in Kaunas

Author is proudly heterosexual and makes no apologies about it. The feminists hate him because he judges them but I like how he calls the world the way he sees it. They have taken one quote of his out of context to call him a rapist. Hes about as far from a rapist...
