Hard Case 9: Isle Of Darkness (John Harding Series)

Synopsis

John Harding's Monster Squad challenges the new MS-13 arrivals in Oakland with death and deportation. Nick McCarty takes a contract on Mexican pirates who killed a man's son on Falcon Lake in Texas, while covering the hit with another book signing. Mehdi Al-Kazar wants revenge for the killing of Kalil Al-Kazar, whom Nick blew up in a Michigan grenade attack. Interlinking threads from Antifa/BLM thugs, both the Monster Squad and Unholy Trio tangle with, lead to a terrorist enabler they thought was in prison. He holds the key to getting both Mehdi Al-Kazar and the Isle of Darkness, where Cafrey Rothstein hosts and enables terrorist leaders on a modern-day sex slave island. A last second injury catapults a substituting John Harding into the fight of his life against a former Heavyweight Boxing Champion, to gain UFC reinstatement.

Bernie has outdone himself again. This book is action packed from page 1. It grabbed me from the beginning and did not let go till the end. A lot of humor also. He has a petite blond cutey screaming

at the heavyweight boxing champion of the world and calling him Betty it helps that she is probably the deadliest female on the planet. Great read. Wish there were more but will just have to wait for the next one.

All of these Hard Case book are so well written they make me always waiting for the next one. What a great value to. I can't get enough of the characters and the action. One can only wish we have warriors the likes of these guarding our America. You go Bernard love ya man.

All I can say is that there are too few stars available for this book. I simply was unable to put it down. Bernard Lee DeLeo has done it again with even more of everything that he is known for. I am not sure how he will top this. But, with another book in the works, anything is possible. If you are a fan of hard hitting full throttle top notch pulp fiction, this is a don't miss treasure.....

As always the greatest. The action, humorous and fantastic characters. You need to read the series in order to fully understand but Bernard Lee DeLeo knows how to get the reader in the know. Great Bernard! ã â â~â~ã â â~â ã â â~â ã â â~âœ

it is a great story. the author actually keeps his characters in character. he does not have them do things out of character just to add the story, therefore he does not have to create miraculous escapes. keep up the good work

Unfortunately, these are works of fiction. Unless people start standing up to the snowflakes and ultra liberals we may one day find ourselves in a position to have to take our country back by force.

Big fan of this series and a big fan of John Harding and company. Can't wait for the next book in the series.

OMG.....it was great as usual. Don't know how he does it, but keep it up. Can't wait for the next one!
