The Viscount's Blazing Love: Fire And Smoke

Synopsis

Will a terrible secret ruin the true love that blooms between best friends? Jane Watson cannot forget those long summer days with her best friend, John Christopherson. But... everything changed on the day John left to make something of himself. She never forget John's promise . . . that he will make something of himself and return for her. When suddenly, two years later, at a ball, he appears... Can she hold him to his promise? Most of all, does he still love her? While Jane wrestles with her feelings, it is clear that John's status is on the rise. He is no longer a farmer's son but a viscount. Yet his rough upbringing means he may never be good enough for Jane, no matter how much he loves her, no matter what position he holds. When John's father reveals a terrible secret of the most horrible nature, John must decide what to do. If he shares this secret, it will affect not only John, but Jane. It will also affect Jane's family... FAMILY, the one thing that matters to her most. There is no way her family would ever approve of his marrying Jane now. Not after what his father did. Will John be able to tell them all the truth? If he does, is true forgiveness really possible? Redemption is a powerful thing, but will John and Jane love and trust enough to experience it?

Publisher's Description: Will a terrible secret ruin the true love that blooms between best friends? Jane Watson cannot forget those long summer days with her best friend, John Christopherson. But... everything changed on the day John left to make something of himself. She never forget John's promise . . . that he will make something of himself and return for her. When suddenly, two years later, at a ball, he appears... Can she hold him to his promise? Most of all, does he still love her? While Jane wrestles with her feelings, it is clear that John's status is on the rise. He is no longer a farmer's son but a viscount. Yet his rough upbringing means he may never be good enough for Jane, no matter how much he loves her, no matter what position he holds. When John's father reveals a terrible secret of the most horrible nature, John must decide what to do. If he shares this secret, it will affect not only John, but Jane. It will also affect Jane's family... FAMILY, the one thing that matters to her most. There is no way her family would ever approve of his marrying Jane now. Not after what his father did. Will John be able to tell them all the truth? If he does, is true forgiveness really possible? Redemption is a powerful thing, but will John and Jane love and trust enough to experience it?

My Thoughts: As expected from this author this is another well written and sweet romance. I have now read 4 books by this author under 2 pseudonyms. All have been very well written with believable characters from the time period. To me this just goes to prove that some romance titles do not have to be filled with sex and violence to be good. This one does have an underlining hint of violence that had occurred in the past but no true violence in the storyline. It is this reader/reviewer's opinion that this book deserves a 4.5 out of 5 star rating for storyline and characterization and 1 of 5 flames for heat. I have enjoyed reading this author's work and would recommend the read to anyone over the age of 15. With the lack of actual sexual and violent scenes it is suitable for a teen audience and would enrich their knowledge of the time period.

I really didn't think this series could get any better, then I read this one. It was outstanding! It can definitely be read as a stand alone, but the first two books in the series introduce all of the characters and explain the back story as it continues with this book. This is Jane and John's story. They have been friends since they were very young. While they love each other, John, not having been born into an affluent family, feels that he will never be good enough for Jane. I was heartbroken at their parting. I could feel every painful and anxious moment they both experienced. I

so wanted them to get together as they were perfect for each other. I won't spoil the ending, but I have to say that I cried. Rarely does a book evoke such an emotion in me. Charlotte Stone is simply a marvelous author. I'm not sure what is next in the series, but I am ready for the journey.

Charlotte Stone has once more created a beautifully written romance. Her story has captured my attention from the beginning and swept me off my feet. *The Viscount's Blazing Love* is another regency romance that has the break it or make it moment. So intense and intriguing...readers won't want to stop reading it. Addictive, entertaining, and romantic. The characters come to life. Their ways and personalities make this story more than just words on a page. They made me believe, hope, and fall in love. *The Viscount's Blazing Love* is exactly as the title suggests. Sweet, enticing, and fiery. Secrets come unfolding and choices have to be made. Two lovers separated long enough to cause doubt and confusion. This only stirs the plot more. Family and redemption are other major themes. The scenes were visually fascinating. Charlotte Stone has a way of magically bringing her words into realistic beings and places. The emotional tugs from the novel will keep readers hooked. I absolutely loved reading this new book. Charlotte Stone is still one of my favorite historical writers. After reading her novels, readers will easily understand why. Overall, I highly recommend *The Viscount's Blazing Love* to readers worldwide.

This is a continuation of the *Wardington Park* series of stories about the Duke of Wardington, his sons and his friends. In this book, Jane (the sister of one of the Duke's son's wives Catherine), has been having a "love affair" with John, a commoner who lived on the estate, the son of a man who never amounted to much, and was a mean drunk and horrible to his family. Because of his unhappy upbringing, he cherished his friendship with Jane, and loved her from afar. The reason for Catherine's burns from a childhood fire is revealed, causing family drama and the crashing end to the love affair between Jane and John, which started when they were children, and continued to adulthood. They manage to get past it, and fittingly, the story concludes at Christmastime. Very well written, enjoyable book. It helps if you've read the others, but it's not totally necessary.

This is the story of Jane and John, and it also brings us up to date on Charlotte and Ben, as well as Skip and Julia. We first met these characters in the two previous books in this series, which began with a devastating fire that destroyed Charlotte and Jane's home. John and Ben played major roles in helping the Watsons escape the fire. When Ben married Cat, they took Jane to live with them. So there was suddenly a very wide difference in Jane and John's circumstances.

This and many other things, both real and imagined, kept the two of them apart. But there were some delightful twists and turns ahead for Jane and John. Another fantastic book in this series, very highly recommended. I was given a free copy of this book and voluntarily wrote this honest review.
