The Path Of Destiny (The Cremelino Prophecy Book 1)

Synopsis

A powerful sword, wizards, magic, lost love, and revenge against nobility. These are just a few of the struggles Darius faces in the first book of The Cremelino Prophecy. A prophecy that could be about him. "Forgotten lines of ancient magic and the power of the throne. One will make them both his own if his heart sees the true power. . . " so begins The Cremelino Prophecy. In this new Young Adult/Teen sword and sorcery fantasy series, Darius San Williams, son of one of King Edward's councilors, cares little for his father's politics and vows to leave the city of Anikari to protect and bring glory to the Realm. But when a new-found and ancient power emerges from within him, he and his friends Christine and Kelln are faced with decisions that could shatter or fulfill the prophecy and the lives of all those they know. Wizards and magic have long been looked down upon in the Realm, but Darius learns that no matter where he goes, prophecy and destiny are waiting to find him.

Customer Reviews

The Path of Destiny is a story of seeking your identity. All stories begin with the author introducing us to the characters and settings and then they move along into the adventure. In The Path of Destiny, the characters are still trying to determine who they are. This results in less adventure and more character development. In essence, this first book of The Cremelino Prophecy is one long character development story. This has a tendency to make the story drag a bit. It was harder to engage with than I would like. Before posting this review I did go ahead and read the second story in the series, The Path of Decisions. I can tell you that it picks up and you start to enjoy a true fantasy adventure story. It earned four stars from me as opposed to the three stars I have given to The Path of Destiny. So sticking with book one is worth it as you move on to book two. Mike Shelton introduces heavy topics such as the seeking of identity, leadership, family dynamics, good and evil, love and hate in a way that is helpful but not heavy. Interlaced within is the fun of magic; one aspect of which is the Cremelino horses. It's worth reading just to find out about these horses. I'll take one, please!! If you can deal with a slow start in order to enjoy a story that grows into a very interesting fantasy, read The Path of Destiny and then pick up The Path of Decisions. I'm on now to read The Path of Peace to round out the trilogy. I received a review copy in exchange for my honest and unbiased review. My thanks to the author, publisher, and Kathy at eBooks for Review. For all of my reviews visit my blog at [www \(dot\) blessedandbewildered \(dot\) com](http://www.blessedandbewildered.com)

I have enjoyed getting to know the characters in this book. I will be reading the next book to find out what happens to them. Some of the description is very well written. Some of it is simplistic and redundant. But it is a good story.

Imaginative and epic read. The author does an awesome job with world and character building. Although it is a work of fantasy, the novel touches on real world issues, like prejudice. Even though it is geared towards young adults, adults who like fantasy will love this book. Can't wait to read the second installment.

I hate not finishing a book, and even if I'm not interested I always try to give the author the benefit of the doubt that the book will improve. But this book just turned me off, and it was the dialect that did it. The story is set in very early times, with kings and castles and farmers and sword fights, etc, obviously trying for a medieval flavor. Which is great, and enjoyable in fantasy, but everyone spoke like they were from this century. "OK", "kids", modern contractions, it just turned me off. I expect at

least a slightly more formal way speaking, and the modern speech ruined the mood for me and eventually I just lost interest in the story.

I gave this writing a 5 because I become intrigued. Always fast moving, suspense, drama , magic,warriors,wizards and romance. Rags to riches. Excited for next book.

I thoroughly enjoyed reading The Path of Destiny by Mike Shelton The story drew me in and I could hardly put the book down. I just couldn't wait to see what was going to happen next. I am anxiously awaiting to read Book Two.Jan

Unknown to Darius, he is heir to the crown of the Realm. In preparation for his future role as king, with a select group of other young soldiers, he is sent into the mountains for training as an elite group. The leadership of these young men is earned as he gradually learns about his power as a wizard which is forbidden related to a historical uprising. Follow along as he learns being rebellious can have unexpected consequences, in this action adventure. Blessings

I was drawn into the story in minutes! I fell in love with the characters and can't wait for books two and three! What a great mix of fascinating characters and adventure.
