A Short & Happy Guide To Constitutional Law (Short & Happy Guides)

Synopsis

This efficient book takes the complex subject matter of Constitutional Law and makes it easier to understand and digest. World-renowned Seton Hall Law Professor Mark Alexander carefully explains the key concepts involved in Con Law and also brings it home with straightforward explanations of why you are reading and discussing the cases you are assigned every day. The subject matter runs the gamut from Marbury v. Madison and the structural side of the course to Due Process and Equal Protection. In addition, he provides exam-taking tips, and general words of guidance on how to make it through law school, and beyond, to a rewarding legal career. Customer Reviews

This guide really helped me to see the big picture when I was lost in Constitutional Law. This book is not an alternative to going to class and taking notes. However, if you feel lost in Constitutional Law, I would definitely recommend this book. It helps to put everything in perspective without having to read hundreds of dense pages.

Oh, Short & Happy Guide - where have you been all my life? This was a life-saver, especially as finals week approached. I would recommend buying this and using it as the semester passes to get the most out of it, but if you didn't realize you needed it until you read a practice question days before your exam, this can still pull your grade out of the gutter.

If you are completely lost in Con Law, this is an excellent place to get started. You will finish this book (only 180 pages) with a firm grasp on the overall concepts of the class, as well as how those concepts fit together. I would definitely recommend it before you delve into longer supplements if the basics elude you.

I needed a book that would help me organize the material quickly. This does just that. Easy to understand and easy to draw a flow chart mentally as you are reading.

This book Really helped me to firm up key concepts. A must read either before or during con law studies.

Excellent series. Highly recommended for law students.

Historical Information, Cases, and examination advice - all excellent.

Great break down for con law.
