# The Murder Of King Tut (An Unabridged Production)[5-CD Set]; The Plot To Kill The Child King

## **Synopsis**

Since 1922, when Howard Carter discovered Tut's 3,000-year-old tomb, most Egyptologists have presumed that the young king died of disease, or perhaps an accident, such as a chariot fall. But what if his fate was actually much more sinister? Now, in **THE MURDER OF TUT**, James Patterson and Martin Dugard chronicle their epic quest to find out what happened to the boy-king. They comb through the evidence--X-rays, Carter's files, forensic clues--and scavenge for overlooked data to piece together the details of his life and death. The result is a true crime tale of intrigue, betrayal, and usurpation that presents a compelling case that King Tut's death was anything but natural.

I love this book and ordered the audio book as well.

Mildly engaging. It mostly goes back and forth between Ancient Egypt and the people who would later discover his hidden tomb. It also focuses on how Tut was murdered and the turmoil happening during his reign.
