Book by Davis, Paul Keith

Paul Keith Davis is one of the most humble servants of the Lord I have encountered in the very many years that I have been listening to prophets of every sort. I enjoy his sense of humor. He is extremely studious, not wanting to communicate error of any sort. I enjoy his work.

I love the way Paul Keith ties the past, present, and future of the Church together. Understanding where the Church has been historically and where God wants to take us is imperative to knowing how to posture ourselves now for what He is going to do. I highly recommend this book to those desiring to walk in the fullness of what God created them to be and do. It's definitely meaty content. I loved every bit of it!

If you're called by the Lord, for such a time as this, you need to read this book! I've been in the Lord's 'prep mode' for many years, and sense His time is coming . . . If you are called to lead in the coming days, this is a MUST read.

The book itself came in good condition. The information in the book was even more amazing. Yes everyone wants revival, but there should be more people wanting to have revival of the heart issues first. I believe this is what this book is more geared to and that is why I am really enjoying this book.

Wonderful Book!! Everyone especially in the Body of Christ need to read this book.. God wants to take us higher in HIM!

I'm reading this book slowly because it is a timely message for this end time generation. I highly recommend this book to those wanting to know more about the soul of man.

No hassles....

Excellent way of explaining the church age we are in
