Brooke McGlothlin has encouraged thousands of moms toward a richer prayer life as co-founder of the popular online community for mothers of boys, the MOB Society (www.themobsociety.com). She's the author of several books and resources for moms, and lives in the mountains of southwest Virginia with her husband, their two sons, and two Labs.

This is such a great book!! I have 3 boys and it's very useful!!

If you have boys, young boys at that, you will LOVE this book. She gets it, as only a mom of boys can get it. When she wrote this book her boys were the same age as mine are now. So I find her stories hilarious and her suggestions and advice completely helpful. I definitely recommend this book. It would be a great Bible study.

Exactly what I needed to give me a tangible plan, and to help me stay focused and consistent on the prayer needs of my boy. Just the physical act of writing the prayer cards, reading the Bible and praying for myself AND my boy was heart-warming. These prayers will be so welcome all year long, Brooke, and can be used for all of my children. I thank you for pouring yourself out for us MOB's and OB's (the latter would be "Our Boys")!

Great book

Bless the author for writing this book, this book is so down to earth and straight forward. I felt that the author really knew exactly what points to focus on. I found this book very profound in many ways, the prayers were a bit lacking for me coming from another one of my favorites books "The Power of a Praying Parent" which has much better prayers for every situation or circumstance. But I really am thankful that I ran across this book. As a single parent of 2 teenage boys...boy do I need to PRAY! The author states keeping praying...."God, it's me again!" Yep, that's exactly what I've been doing...Pray until something happens!

a gift!

Loved the audio book! The author is both "real" and honest in her description of her own life and struggles raising boys to love Christ. Highly recommend for anyone trying to do the same and finds themselves at a loss at times as to what she should pray now.

The scriptures are a great collection, but the chapters themselves are just okay. I hoped for a book I would want to reread each year, like a devotional, but I think I'll instead pull out all the verses, appreciate the overall encouragement to pray more, and shelve this.
