The Black Stallion Revolts

Synopsis

After the Black attacks another horse, Alec realizes that the once-wild horse needs more space and freedom, so they head out west to a huge ranch. But a terrible accident separates the two, leaving Alec with amnesia and the Black alone to reclaim the wild life to which he was born. As the Black struggles to survive, and as Alec struggles to remember who he is and his connection to the magnificent stallion in the canyon, a gripping adventure story unfolds.

Book Information

As the Black struggles to survive, and as Alec struggles to remember who he is and his connection to the magnificent stallion in the canyon, a gripping adventure story unfolds.

great

In this book Alec gets amnesia in a plane crash, the Black runs wild in the mountains, no one knows where Alec is, he is suspected of murder, and works on a ranch in the American West. This is an enjoyable read that had me almost pounding on the wall as I rooted for Alec to regain his memory or for someone to recognize him. It's amazing how the Black and him are able to form a relationship all

over again from the beginning. Alec can't remember his horse but knows he has a special relationship with the mysterious wild western stallion. In my opinion, this is one of Walter Farley's best works! This book is his shot at a great Golden Age Western, and he achieves his goal very well. Five stars and a half. *****+

Among my favorites of the Black Stallion series. The Black and Alec becoming separated and finding each other again, plus The Black's return to the track. What could be better?

The kid loves it!

Great Book!!!

One of the best books I ever read. A really good horse book. I would recommend it to anyone. I liked every part of it.

Granddaughter loves horses and the series, it was my favorite as a young girl.

What a vacation Alex and the black end up having. Start with a plane crash and move on. And end up at another match race.
