In Pictures Bryce Canyon: The Continuing Story (English And Japanese Edition)

Synopsis

Bryce Canyon National Park is a place long noted for color and shapes. But much more awaits here. In this place one can stand on top of the world and look to the edge of time. Here "as-far-as-the-eye-can-see" still exists. Rest a while and refresh yourself. Bryce Canyon National Park, in southern Utah, was first set aside as a National Monument in 1923 to preserve an amphitheater of colorful pinnacles, spires, and walls, all carved by erosive weathering.

Book Information

Series: In Pictures

Paperback: 48 pages

Publisher: KC Publications, Inc.; 13th edition (June 1, 1989)

Language: English, Japanese

ISBN-10: 0887140327

Customer Reviews

These books contain vivid full-color photography by renowned professionals, enriched by extended interpretive captions. The adventure begins on the first page. Explore America's panoramic beauty from the comfort of your home.

Susan Colclazer, a native Virginian, has worked her way westward with the National Park Service. Starting in Virginia, she worked in Washington, D.C., Missouri, Colorado, and Arizona before moving to Bryce Canyon National Park in 1986. English courses at the University of Richmond and natural science studies at Virginia Polytechnic Institute and the University of Virginia supplement her psychology courses from Westhampton College in Virginia.

The photography in this entire series of books are right up there with anyone else. I bought a lot of these books 20 or 30 years ago at many of these places when I was able to travel a lot. Its amazing

to see how much technology has advanced in that amount of time comparing the newer versions with the older ones I still have.
