Customer Reviews

These songs have long proven their worth with little readers, and tots won't hesitate to embrace these cool interactive versions of them. Each book is printed with a QR code that enables readers to download the titular song. A pleasant rendering of a classic song.âKirkus Reviews

My son receivedâ Old MacDonald Had a Farm: Sing Along With Me!â from his grandparents

several months ago and he loved it. We love that it is a book that we can sing and interact with. Since he loved that book so much, I decided to buy him The Wheels on the Bus from Nosy Crow as well. These are great quality books and I can't wait until some more books from this collection come out soon!

My 18 month old son LOVES this book. He has a blast moving parts on the different pages. Great interactive book for a toddler.

Best interactive board book for toddlers 1+. Both my 1 year old and my 2.5 year old are mesmerized by this book. I can't wait to buy more. I only wish it had more than 5 pages.

One of my favorite books to sing with my grandbaby! She loves to make the windshield wipers goes swish swish swish

Cute book. Grandson loves moving all the moving parts but he already almost broke one of the sections (windshield wipers part) Overall...great book.

Baby really likes this book. I started reading this book to him at 6 months and he will sit happily while I read, sing, and move the animals.

Highly recommend all of the nosy crow interactive song books! Toddlers love them

This is great for 2-yr olds. Doesn't tear like cheap pull up books.
