Customer Reviews

Chapman is the go-to brand for professional and recreational boaters alike. Its books are used and recommended by the U.S. Coast Guard, the U.S. Coast Guard Auxiliary, and the U.S. Power Squadrons in their boating education classes.

If you already have a good detailed book on knots, the info in this book is a nice read. Otherwise it contains a few of the same knots found in other books on sailing knots, except that some are named differently, and therefore confusing.

I found this book to be helpful.

Good book.

Delivered on time. Good ref. book
