Fine Haitian Cuisine

Synopsis

A wide-ranging collection of Haitian home-style recipes for delicious, authentic, and traditional dishes. The book is the expression of Mrs. MÃ©nager's family lifelong love and appreciation of Haitian food. Thoughtful suggestions accompany most of the dishes and a useful glossary is provided at the end of the book. Fine Haitian Cuisine is a gastronomic delight, an extraordinary trip through good memories, traditions, and way of life. It is both entertaining and informative. It will be a great gift for Haitian-Americans raised in the USA, and anyone interested in exotic cuisine. Consider it as a gift for Wedding, Christmas, Mother's Day, birthday, or for any other occasion.

Haitian cuisine, with its strong African and French influences, holds a unique position in the world of Caribbean cooking. --Fequiere Vilsaint, Miami Book Fair, Oct. 27, 2005

Mona Cassion Menager is a Medical Doctor with a passion for the art of Fine Cuisine. Her interest developed by the lifelong love and appreciation of Haitian food in her family, from her grandmother to her mother and now to her and her children. She carefully select recipes, ingredients, methods, and tips to pass on the pleasure of preparing and serving delicious Haitian food with style and confidence.

My cousin told me about this book because i was away from home and could not cook any of the delicious Haitian food my mom would make. i mean i was missing- legume with rice.. and so much more. Now i can cook and my black American husband love eating Haitian food. I showed my mom

this book and she can cook and there were some meals she hadn't tasted since she was a child. This a good gift to any Haitian or those that are not Haitian and love eating the food.

After a recent trip to Haiti, my daughter and I absolutely fell in love with the country and the cuisine! This cookbook has become a family favorite as it's very complete, easy-to-follow instructions and even includes a lot of cultural information.

I got this for my daughter, so I didn't make any of the recipes, but she was thrilled to receive it!

I have heard that some people may think that \$49 dollars is too high, but I've paid higher prices for college textbooks that I did not appreciate as much. I've purchased all three of the Haitian cookbooks that are currently on the market and I love having all three. My mom is an excellent Haitian cook, but I have only recently began my journey at learning the unique style of Haitian cooking. I like to compare some of the technique I've recently learned from my mom, to those included in the book. Also my mom doesn't cook anywhere close to as many recipes as those include in the book. I love my mom's Soup Joumou, but I like that the book has other options. It's worth the money- especially since it is so unique.

Wonderful Book! I am a Haitian American and the book gave so many wonderful recipes! Many new things to try! My Haitian husband, who was born in Haiti has loved all the meals I have prepared with these recipes! I know some people said their book was falling apart, mine has been perfectly fine.

this is book was a fine example for haitian cooking there were pictures of the food being presented for some of the meals being prepared so that you can get a hint on how the dish should look like. its in detail about whats to be done next. the only thing i didnt like about it was the price i gotta admit the price is above the average cookbook. but in the end its well worth the dollars spent.

Recipes and information is great but my reason for 2 stars is the binding of the book is horrible. It's too much information crammed into the type of book binding they used. It's too cheap the book pages is starting to come out after first flip. Very Disappointed

This is by far the best Haitian cookbook I have ever had. It's a bit pricey but well worth it. The

receipes use items found in supermarkets and are easy to follow.I have used it extensively and bought a couple as presents.Thanks Mona.
