This book is ideally suited for previous students who want or need a to brush up on their shorthand, Refresher Course in Gregg Shorthand is just what they need.

This was just what I needed to brush up on my shorthand. Not for beginners. Had the key to the dictation practices at the end for difficult outlines. Highly recommend.

Although it's been 35 years since taking shorthand notes for college, I was curious and purchased this book to have a look at how much I had retained. Not nearly as bad as I thought. REFRESHER COURSE IN GREGG SHORTHAND is exactly that - A REFRESHER COURSE... And a very good one!

Just what I wanted!

Brought back memories of high school shorthand class and helped me to jog my memory regarding the strokes and brief forms. Handy book and glad that I purchased it.

This is something I wanted in my library....Memories of my high school shorthand class as well as enabling me to read my old diary now! (back in the 1950's~)

Great book.

Excellent! would buy from you again! Thank you

Excellent review and study for something that is almost lost forever.
