Premier Piano Course, Lesson 1A

Synopsis

Beautifully presented and intelligently paced, the Lesson Books combine unusually attractive music and lyrics. The books feature note reading, rhythm reading, sight-reading and technical workouts. Each piece on the CD was recorded at a performance tempo and a slower practice tempo. The music from this book is available in the Piano Maestro app that's downloadable at <http://app.appsflyer.com/id604699751?pid=web&c=alfred>. Customer Reviews

The Premier series is excellent for beginning pianists as is the Piano Adventures series, which I usually use simultaneously with the Premier series to ensure that students have mastered those important incipient skills. The Music Tree works well with these as it is an interval approach that requires students to move into various hand positions early in their study and supports fluent reading of both note names and intervals.

I love the Alfred's system, and appreciate being able to get it delivered to my door, instead of heading into downtown and rifling through the files of a huge music store when I need new books for my students.

Good

This book is very good for beginners. My child absolutely loves it and the lessons have a great way of building off each other.

Love this course! As a teacher I appreciate the vibrant colors, easy-to-understand instructions, and the ease of parent-led practicing.

Great started book for my grandson who is just learning to play the keyboard.

Affordable and fast shipping. It's the book our daughters piano teacher recommended.

I bought this book to start teaching myself piano. It is more designed as a book to be shared by both student and teacher, but it is written well enough and contains what I needed to start learning piano by myself. I like the content and how I can practice along with the CD. I will probably continue on with the other course lesson books.
