Nice addition to my collection of books about the Amish <http://goo.gl/gbd9Ve>

This book helped me understand the Amish tradition and their people better. I was glad that I had to read it for my college course.

The book provides excellent insight into the life of Amish children. Although I do not think I could adopt their ways of behavior, there is much to admire about the dedication of the Amish to protecting their culture. Unfortunately, that same dedication to preserving their way of life makes education a sticky and difficult issue to negotiate.
