## **Customer Reviews**

Molly Reisner is an author living in New York City.

This is enjoyable. It is not naughty if that's what your looking for. When it asks for a "body part", it's like the original game. Fun way to pass the time on the honeymoon trip.

Purchased as a gift. The couple said they had a lot of fun with it.

I purchased this as a supplemental game for a bachelorette party. We played it in the limo on the way to and from wineries. It was quite the hit. Women of all ages appreciated the game and were able to chime in. I asked everyone to shout out the different nouns, verbs, adjectives, etc. so everyone played a part in creating the story and enjoyed the outcome. I am a fan of Mad Libs in general, and this is great for that bride-to-be!

Too cute! Got for my friend for her wedding and now i want it for my own! Very funny and cute Madlibs, especially for a bridal shower/ bachelorette party and for the bride and groom to do on the plane to the honeymoon!

Pretty cute, used on my honeymoon one evening when we were tired, wish I could get my hubby to do some more of them with me!

Great pre-honeymoon gift to keep couple entertained on long flight. My sister & husband really enjoyed it, sometimes it's the little extras that are remembered most

Mad line are so much fun to do. This is a great book. I bought this for a wedding gift and the bride loved it!

Very fun for the plane ride to Jamaica after the wedding.
