Whale (Shake & Play Bath Books)

Synopsis

Bath time is play time for baby with this brightly illustrated floating vinyl book. The book is named for the Whale that appears on the front and back covers, but when toddlers open this book theyâ™ll see six more colorful creatures on inside pagesâ•every little water-dwelling animal labeled with its name. Whaleâ™s friends include a penguin, a seal, a walrus, and others. And when Baby picks up this book and give it a squeeze, heâ™ll hear a cheerful squeak. This is one of four titles that Barronâ™s offers in the Shake & Play Bath Book series: Duck, Fish, Turtle, and Whale. Each book comes in a clear vinyl package.

My little one likes anything that squeaks and she can put in her mouth. This book fits both scenarios. I found after a few days though that the pages were sticking together from her saliva. I ran it through the dishwasher on the top shelf and took it out before the "heated drying" phase and it was perfect again. Her nursery is whale theme so it fits in perfectly there too.

Perfect for bath time. Whale squeaks! Cute, large pictures. Baby likes it but is definitely not her favorite bath toy. Haven't had any issues with it in 4 months.

i love that my son can play and chew and it doesn't fall apart like board books. the squeaker is a

nice tough too.

Cute entry in the collection of vinyl bath time books.

A good size for little hands. Was used as part of a basket full of toys and things for a baby shower centerpiece.

it squeaks... that's the best feature. I think kids enjoy that the most.

Great for the bath.

The baby loved his personal book. That is a wonderful idea for him to have books he alone can read (like his big sister).
