"The tales...most often requested by Keillor's fans...you can almost hear a pin drop as he tells them." -- The Express, Books to Go 1990, Robert K. Hayes --This text refers to the Audio Cassette edition.

As the host of A Prairie Home Companion for over forty years, Garrison Keillor has captivated millions of listeners with his News from Lake Wobegon monologues. He has been honored with Grammy, ACE, and George Foster Peabody awards, the National Humanities Medal, and election to the American Academy of Arts and Letters.

Maybe it's because it's a little old but the humor was somewhat lame on this CD. We like Garrison Keillor but this just wasn't his best.

It was many years ago we discovered "MoreÂ Humor: Stories from the Collection More News from Lake WobegonNews From Lake Wobegon" on our radio on Saturday evening. It is fun to have

some vignettes at hand any time any of us want to hear Garrison Keillor's particular brand of humor. The opening tract is a personal favorite. Very humorous. I was disappointed that there weren't more stories however. I have to admit I was surprised to find only 4 tracks on this CD. But there were funny, I must say.

Not as good as the prairie home joke show. Has about 4 stories. All good, but stories are told with filler details that build the characters but it seems like he is just wandering rather than creating literature. I wish there were more jokes and I wish it were longer.

These stories were great! I loved listening to them with my friend as we were driving to a conference. It made the trip go quickly.

It's a wonderful thing when someone can transport you back in time, to a place where life was more simple. Garrison Keillor has the ability to verbally paint a picture that everyone can connect with and is surely an American national treasure. To a person who grew up listening to serials on the radio in Australia as a child, this CD was an absolute time capsule, the gentle humour (and let's face it, everyone loved having stories told to them as a kid) made me laugh out loud and managed to make me forget about the current world we live in which is not so kind. This CD made me daydream and wish for a better and less complicated world and for a short period of time, took me there, tremendous stuff.

You have to be a fan to really appreciate the type humor in this. I liked it very much. we had the audio version which we played on a driving trip.

Garrison Keillor's Home on the Prairie is filled with funny stories.. In some cases total side splitters.. This falls short of a laugh..really.. Had originally bought it to give as gift but SO glad didn't as it definitely does not represent Mr Keillor's infinite storytelling talent.. Kept waiting for a laugh. So, in order to give what had hoped would amount to listening pleasure..had to buy another copy of my original find. He is so funny..but don't buy this..it's not funny, it's not even interesting. Sorry, but that is an honest review.

This was a gift at the Holidays so don't know how the recipient likes it. CAB
