Vietnam, Laos & Cambodia 1:1,250,000 Regional Travel Map

Synopsis

The Indochinese Peninsula, or the former French Indochine, is one of the world's treasure troves of cultural diversity and historical activity. In the north are the hill tribes of Laos and Vietnam. Along the coast are the Viet people, and in the south the huge cultural area of Khmer influence from Angkor Wat to the Cham ruins in the southeast of Vietnam. The Plain of Jars, in Laos remains one of the most intriguing puzzles of the modern world, and the temples of Louang Phabang are renowned. This map shows all of these wonders and showing just about anything a visitor would want in a map. It has been a very popular travel destination for the past two decades. We have retained the same ISBN and price as in the previous edition for marketing reasons, but the map has been thoroughly vetted and upgraded wherever necessary. This is one of our most popular titles and is printed using waterproof paper both for durability and to protect the map from humidity that can reach 85%. This map also represents 20 years of mapping this regional area by ITMB. Printed in Waterproof paper.

Customer Reviews

ITM Canada is the world's leading map publisher with over 400 titles in print. It has published a large series of country, regional and city maps covering Asia.

This map is nicely printed and covers a large area well. However, if you want details it is poor. By covering such a large area the scale is necessarily expanded (note it is 1:1,250,000) greatly reducing the detail. If you are interested in detail for some reason (Vietnam Vet?) this is not the map for you. If a tourist looking for an overall planning map it will do fine and seems durable. I am still looking for a modern map with detail and suggestions would be welcome.
