# Georgia O'Keeffe Museum

## Synopsis

The Georgia O'Keeffe Museum is America's first art museum dedicated to the work of a woman artist of international stature. This inaugural volume documents the initial collection in full colour, and adds insight into O'Keeffe's significance in American and world art. Georgia O'Keeffe (1887-1986) was both a premier modernist and an inspiring woman. Works from all periods of her career - many never before reproduced - are included among the 86 colour plates, while black-and-white photographs document her extraordinary life. Issues such as O'Keeffe's originality, the relationship between her life and her art, and the influence of American literary and artistic traditions on her work, are discussed in the essays by well-known art historians.

## Book Information

## Customer Reviews

Georgia O'Keeffe's unconventional paintings of mountains, bones, and flowers--often on a giant scale--and her clear, simple forms and colors made her an early pioneer of a new American modernism. The Georgia O'Keeffe Museum opened in summer 1997 in Santa Fe, presenting works from all periods of the artist's long career. Providing a remarkable virtual tour through the museum, this beautiful clothbound volume with French folded jacket features essays by leading art writers such as Barbara Rose and Mark Stevens, and a new, thorough chronology by Charles Eldredge. Included in the 86 full-color images and 4 lavish gatefolds are many works that have never been reproduced before, which are complemented throughout by black-and-white photographs documenting the extraordinary life of this courageous, inventive artist (1887-1986). For O'Keeffe

fans unable to travel to Santa Fe for a personal pilgrimage, this book is the next best thing.

Bias I, yep I admit I'm a overwhelmed lover of this wonderful artist and wish time travel would be possible so I could see her in action ,all her work is fantastic and they would make a tour of her paintings with 8 to 12 in places. This book is worth every cent !

The book contains plates I've never seen before. Many of the plates were not included in my other two O'Keeffe coffee table books nor did I see these paintings displayed in the O'Keeffe Museum in Santa Fe, NM. In addition, it contains Two excellent essays analyzing O'Keeffe's style and her intentions in her works, it describes those artists and their painting styles who influenced her, and how and why she evolved over time. I do love this book.

Very nice!

A treasure

This beautiful book looks brand new

Super product very affortable super fast delivery I will buy more from you .thanks

Great Book.

Small book, small images.
