The Reader's Digest Keyboard Course: Learn To Play 100 Unforgettable Songs The Easy Way

Synopsis

Fun, easy, and highly enjoyable, the KEYBOARD COURSE is sure to make today's inexperienced, budding musician tomorrow's maestro. For those who do not know how to read music, this ingenious songbook will help you play by the numbers with a set of peel-off decals that can be placed on the keys of the instrument. Even if you are just getting started, you'll be able to tackle great popular songs right away. Containing both the melodies and lyrics to 100 of the best-known songs of our time, the KEYBOARD COURSE includes "Tomorrow," "When You Wish Upon a Star," "Happy Birthday to You," and many more popular songs that have been enjoyed for years. Here is the perfect beginner's songbook for the millions of would-be pianists and keyboard artists of all ages.

Customer Reviews

If you love memorable songs from the past, you'll love this book. It has tunes that you want to sing along with, if not simply hum to. I don't play the piano, but the music notations were easy enough for me to understand, so I was able to actually play the songs on my keyboard, albeit very slowly. It's really a fun resource to have.

As described and a nice book but was very disappointed when I found out that Reader's Digest had printed 2 identical books with 2 different titles and covers, and I had just bought the other copy. The problem was not with the seller.

I first saw this book on a piano in the hospital on an old folk's floor. I opened it and entertained some seniors for a time. Then I ordered it for myself....love these old familiar tunes. I already knew how to play...just like the selection and the readability.

As always everything was all right. Thank you once again. Sergio

The book was supposed to have come with stickers. But, alas, no. We are looking for them in our area. Husband is waiting breathless on our success.

Helped me heal from my brain trauma. Music was recommended as a way to rewire my brain. This books has many classic tunes and favorites. Chording with the left hand and playing melody with the right gave me comfort and peace. It taught my brain how to function again.

I replied before, but will do it again! I am very pleased with the Keyboard Course Book!!!! Happy! Happy!

Just as described.
