Harry Potter À L'École Des Sorciers (La Série De Livres Harry Potter T. 1) (French Edition)

Synopsis

Le jour de ses onze ans, Harry Potter, un orphelin Ã©levÃ© par un oncle et une tante qui le dÃ©testent, voit son existence bouleversÃ©e. Un gÃ©ant vient le chercher pour lâ€™emmener Ã Poudlard, une Ã©cole de sorcellerie! Voler en balai, jeter des sorts, combattre les trolls : Harry Potter se rÃ©vÃ©le un sorcier douÃ©. Mais un mystÃ©re entoure sa naissance et lâ€™effroyable Vâ€™, le mage dont personne nâ€™ose prononcer le nom. AmitiÃ©, surprises, dangers, scÃ©nes comiques, Harry dÃ©couvre ses pouvoirs et la vie Ã Poudlard. Le premier tome des aventures du jeune hÃ©ros vous ensorcelle aussitÃ´t!

Customer Reviews

Fantastic! I listen tomHarry Potter regularly in English as I go off to sleep... So I decided it was time to try to relearn my French. And what better way than with Harry Potter! I was concerned that there was only a single disc (compared to seven for the English version) but it's all there on a single MP3 and plays perfectly on my Bose Wave Radio/CD player. I recommend it to anyone who wants a French language version.

I would give this book five stars, but I am somewhat disappointed that it is abridged ("folio junior"). I

think that this more accurate description should be included in the title.

Purchased this Livre Audio (French language audio book) as a gift for a Harry Potter fan taking HS French 3. The recordings are high quality with a native French speaker, so it makes following the familiar story easy. Because the story is familiar, you can perfect your ear and accent. If the mp3's are loaded onto an ipod, you can adjust the speed of the speech to make it easier to understand.

What better way to study French than to get a book you practically know by heart (with all of the rereading) in French. If I ever learn another language, you can bet that I will be getting Harry Potter in that language as well! And if you're feeling up to the task, get the audio-book as well and try to follow the story that way. What's strange is I can normally understand the written language well, but I can't follow along when it is being spoken.(On a side-note, some of the words have changed in translation. Muggle is no longer muggle, etc. If you know the story, you'll follow along well.)Happy reading!

I bought this book to practice my French.I've read the Harry Potter books so often that it has already helped me pick up on the syntax and grammar. Paired with two French-learning apps and my French textbook, I think I have the next three semesters of French in the bag!

I decided to read the Harry Potter series in French because I was bored. The books are in great condition and are pretty easy and fun to read. If you are using them to help learn French I suggest keeping a tab open with wordreference.com and look up and make flash cards of the words you don't know. I have taken 5 years of french and I had 300 words after reading 66 pages. The reading isn't hard but there are quite a few magical/english words that are translated funny into french that you will want to write down and remember. It's really cool to see how it is translated.....there are little differences that make reading the series new all over again

Bought this to improve my French skills. Had read it in English many years before. It was still a great read and is written in contemporary French with enough dialogue which really helps with improving your speaking skills.

This is a perfect book for French beginners. It's written at about the third grade level, so there's a manageable body of vocabulary and lots of repetition. Get this book on your Kindle with a good

French-to-English dictionary. You definitely won't regret it.
