# The Practical Art Of Face Reading

## Synopsis

Put your best face forward--and know whether others are, too! The face is the mirror that reflects our innermost being. We all subconsciously read features, quickly deciding whether someone seems aloof or friendly, tired or full of energy. The author of the bestselling Practical Feng Shui shows you how to hone those instincts with detailed knowledge about face shape, hairlines, eyebrows and eyes, cheeks and smile, noses, lips, ears, chins, and jowls. Each feature is extensively discussed, with ample close-up photos that visually clarify every point. Identify the three "facial zones" that allow you to access character quickly. Then see how to use this wisdom to improve everything from business meetings to social situations to your personal life. Communicate more persuasively, enhance decision-making, see yourself as others see you, choose the perfect partner, enjoy better relationships, develop your parenting ability, make wiser career choices, work more efficiently, and even ward off ill health. It's the key to fulfilling your potential! A Selection of the One Spirit Book Club.

Facial characteristics will reveal the hidden personality we all have. Does a person have full cheeks, wide-set eyes, and a round face? If so, they're a broad-minded person who enjoys listening to and caring for others. Get a reading on someone else to enhance your life, from making wiser career choices to being a better parent. Communicating more persuasively, choosing the perfect partner, and warding off ill health are just a few of the benefits. Look at every feature on the face, put your knowledge to work by knowing how to interpret faces, and make the most of yourself. Bonus: A

"first-time" face read chart.
