Diving Micronesia (Aqua Quest Diving Series)

Synopsis

Divers are heading for the Pacific in record numbers and Micronesia, with its tremendous variety and World War II history, is a top destination. This illustrated guide covers the best dive sites in Guam, the Marianas, Yap, Palau, Truk, Pohnpei, Kowrae and the Marshalls. The regions marine life, history and customs are also discussed.

Customer Reviews

Underwater scenery is reachable by flipper with Diving Micronesia. --Publishers Weekly

Eric Hanauer, a diver for over 40 years, is the author of three books and over 500 articles on the underwater world. He is an Associate Professor Emeritus in the Kinesiology Division at California State University, Fullerton. An aquatics specialist, he trained over 2500 scuba students, and introduced the grab start to competitive. Born in Stuttgart, Germany and raised in Chicago, Eric earned a BS in Physical Education at George Williams College, and an MS at UCLA. He resides in San Diego, California.

great book with excellent coverage of different dive sites all over micronesia. the only problem i have is that it has not been updated since 2000, but that is only a minor thing.

A thorough explanation of the Micronesian islands and what to expect, both on land and under the water, on each of them. The history is fascinating. Our first visit to Micronesia, so we'll see how true the information the book presents is!

Diving Micronesia was an easy to read guide book that will not go into great detail , I certainly did not base my travel on it , I would definately recomend the lonely planet guide by Tim Rock , it is much more informative
