Customer Reviews

“The more you engage with these dances by watching, reading, and discussing the materials that Lynn Frederiksen and Shih-Ming Li Chang have so carefully created and contextualized in this book, the more Chinese dance can touch, challenge, and move us in unexpected ways.” (Emily Wilcox, Department of Asian Languages and Cultures, University of Michigan, from the foreword)

“Lucid and well researched, Chinese Dance is a rich resource for students, educators, and dancers. The book brings valuable information on the wide spectrum of Chinese dance and its cultural heritage, and illuminates the process of cross-cultural understanding.” (Ann R. David, reader in dance studies, coeditor of Dance Ethnography and Global Perspectives)

Shih-Ming Li Chang is an associate professor of theatre and dance at Wittenberg University, where she teaches dance ethnology, dance history, and dance composition in addition to Chinese opera dance, Western technique classes, and tai chi. Lynn E. Frederiksen taught dance for fifteen years at Tufts University and is now an adjunct professor of theater arts at Clark University. Her coursework focuses on the music-movement “conversation” to facilitate cross-cultural dance explorations. Both authors are alumni of the Smith College MFA program in dance. EMILY WILCOX is assistant professor of modern Chinese studies in the Department of Asian Languages and Cultures at the

University of Michigan, Ann Arbor.

It a wonderful book on Chinese culture through dance. Beautiful written, easy to read and lots of references. Also come with a website with 500 YouTube links...a great book for everyone who like to know more about Chinese and their culture as well as the dance art.
