2012 Architecture Wall Calendar (English, German, French, Italian, Spanish And Dutch Edition)

Synopsis

Architects have been described as artists using building lots as their canvas and the stunning examples of their work found in the 2012 Architecture calendar show this to be true. Twelve glorious photos of iconic architectural projects including the Sydney Opera house in Australia provide a visual treat for the eyes while giving a new appreciation for what the designer of a large scale project is visualizing them stand in front of a blank open space.

Customer Reviews

I really loved the images on this calendar. When people visited, they always commented on them. I would definitely buy a calendar similar again.

My only complain is that the weeks start on monday, not on sunday as usually. Other than that, the pictures are very beautiful.

Nice pictures but they failed to note the calendar is a Monday through Sunday calendar format which is atypical of most calendars. This would have been great, but I'm used to Sunday through Saturday calendar formats; this really throws me off and is useless for me now. Too bad it's going in the trash!
