Super Friends: Flying High (DC Super Friends) (Step Into Reading)

Synopsis

SOMETHING STRANGE HAS happened to the birds of GOTHAM CITY. Pigeons are causing traffic jams, seagulls are making trouble at a nearby beach, and ostriches have escaped from the zoo! THE PENGUIN has enlisted his fine feathered friends to distract the DC SUPER FRIENDS while he swoops in and plucks GOTHAM's biggest bank clean! Will BATMAN, SUPERMAN, and the other DC SUPER FRIENDS get there in time?

Customer Reviews

My son likes the lego super friend books better, but this one is okay. One plus with all these books in this series is that he spends a lot of time looking at the pictures by himself. Always nice when little kids pick up books on their own.

Getting my grandson interested in reading can be difficult. The normal "learn to read" type books do just that, with no story, cool characters or anything to grab his attention and interest. The normal "See Spot Run" was enough to make my grandson want to "run" from books and reading. Though even this book lacks much story line. The Superhero theme alone was enough for him to smile and WANT to learn what the words say!!

I've purchased several other similar books to this and decided to try out something from this particular line of early readers. My 3 (almost 4) year old is very into Batman and Superman right now and this book seemed just right. Overall, it's incredibly simple. This is definitely a book for your emergent reader with large print, very short sentences, and easy words. The plot is just as simple, but at least there is a plot. The artwork is good, with the large/chunky characters you see in many toys right now. Ultimately, this is designed for a little one to read on their own or be helped through and isn't a storybook for bedtime.

perfect for my grandson

easy reader for 5 year old. kept his interest as he loves superheros. Colorful pages. Slim book.

My 5 year old loves this book

Well made book with a great little story for any beginner reader plus books and superheros go hand in hand, so it just makes sense.

My toddlers love this book. But I will say its very basic, very short sentences.
