Customer Reviews

The book is a good guide for the area of Milan and the Lakes. However 's delay in shipping this to me in a timely manner meant I went on the trip without the book. So if you use them remember their promise to get you the book you want by a certain date is not valid.

Product was as described

This book was very helpful to read before going to Milano and Lago Maggiore. I admit we did not do a whole lot of sightseeing at the lake, as it was a relaxing vacation vs. a run-around-and-see-stuff vacation. However, the information provided was substantial.

The eyewitness books are very good guiding books and Milan & the lakes did not dissappoint me. It is going to be very useful when I go to Milan.
